

proud history ... great future

Level 2 Public Health Measures

Dear Parent/Carer,

As you may already know, yesterday the Premier announced Level 2 public health measures which will come into effect on Thursday 3 March, (for further details go to wa.gov.au). These health measures include the requirement for adults and children in Years 3 and above to wear masks at all indoor public settings.

This means at Boulder Primary School students in Year 3 and above will now need to wear a mask indoors at school. The usual exemptions will apply, these include removing the mask to eat, drink, take medicine or do vigorous exercise.

You may wish to speak to your child about the importance of wearing a mask at this time, and that their friends will also be wearing them. Wearing masks in the classroom will help to reduce the spread and impact of the virus. If your child is in Kindergarten to Year 2, you may wish to let them know that they will see other children around the school wearing a mask. Our staff will continue to explain to all students the importance of wearing a mask to support each other and help keep our community safe.

The staff and I want to assure you that the health and safety of all students and staff remains our top priority and we will continue to follow the latest WA Health advice. I encourage you to stay informed regarding COVID-19 safe measures at wa.gov.au.

I would also take this opportunity to remind you to monitor yourself and your child for symptoms of COVID-19. Please keep your child home from school and get them tested if they are unwell.

Thank you for your ongoing support and understanding to keep our school COVID-19 safe.

If you have any queries, please do not hesitate to contact the school on 90924100.

Regards,

David Callow
Principal
Boulder Primary School
